RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Sir:

This is a response to the Notice of Non-Compliant Amendment mailed October 13, 2004 indicating that the Amendment document filed on August 6, 2004 is considered non-compliant because pages of the Amendment were cut off and missing information. The Notice included a copy of the Amendment Transmittal along with copies of pages 2-7 of the Amendment.

The copy sent back by the Patent Office to the undersigned included pages 2-5 of the above-mentioned Amendment with the bottom portion of the pages cut off so that some of the text was missing for some unknown reason.

CERTIFICATE OF MAILING

I hereby certify that this correspondence is being deposited with the United States Postal Service on the date shown below with sufficient postage as first class mail in an envelope addressed to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450

Dated: Oct. 27, 2004

We enclose a copy of what was mailed to the Patent Office by first class mail under Rule 8 on August 4, 2004. As can be seen from the enclosed, there is nothing missing from the bottom of pages 2, 3, 4 and 5.

The applicant sent in the correct pages and it is believed that the USPTO scanning system cut off the print at the bottom of these pages.

Nonetheless, the enclosed copy shows the missing text and it is believed that nothing further is required of the applicant in response to the above-mentioned notice mailed October 13, 2004 and received October 25, 2004 by the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Francis J. Maguire". The signature is fluid and cursive, with a large loop at the end.
